

#### General Notes:

- All trails are to have a 5' apron mowed on each side
- Rake or blow out large clumps of clippings to distribute evenly
- Hand trim around base of all structures and signage
- Hand trim hammock grove structures
- Mowing and trimming to take place on weekdays and to be coordinated with events schedule

#### Terminal A Front Lawn:

- Lawn to be mowed as needed to 3" height

#### Bike Park and Great Lawn:

- Lawns to be mowed as needed to 3" height. Rake or blow out large clumps of clippings to distribute evenly. Do not blow grass clippings into landscape beds. Sweep walkways clean of debris after mowing.
- Do not over mow Great Lawn particularly during dry periods
- Hand trim trail apron, ramps and features on mountain bike trails as needed

#### Event Space:

- Lawn to be mowed as needed to 3" height

#### Wilkeson Pointe:

- Lawns to be mowed weekly or as needed based on growth and dryness to 3" height. Rake or blow out large clumps of clippings to distribute evenly. Do not blow grass clippings into landscape beds. Sweep walkways clean of debris after mowing.
- Do not mow inside of fenced habitation restoration area or within 3' of the outside of the fence. Allow 3' perimeter outside of fence to grow wild.
- Trim bioswale areas and radial berm to allow clear passage on trails.

#### Bike Ferry Landing:

- Lawns to be mowed by vendor contract.
